

General Purpose Capacitors

MCRH Series

multicomp PRO

Features

- For general purpose.
- Wide CV value range.
- Safely vent construction products, RH series are guaranteed 2,000 hours at 105°C.

Specification Table

Item	Performance																																																										
Operating Temperature Range	-40°C to +105°C	-25°C to +105°C																																																									
Rated Working Voltage Range	6.3V DC - 100V DC	160V DC - 450V DC

High Temperature Loading	After 2000hrs. Application of DC rated working voltage at +105°C, The capacitor shall meet the following limits: Post test requirements at +20°C.																																																										
	Leakage current		≤ the Initial specified value																																																								
	Capacitance change		≤±20% of initial measured value																																																								
	Dissipation Factor(tanδ)		≤200% of initial specified value
